

players: 3 – 7

age: 7+

time: 30 min

components	120 Place cards, 40 Category cards, 20 Scoring cards, Tokens
set up	(1) Shuffle the Scoring cards into a Scoring deck. (2) Shuffle the Category cards into a Category deck. (3) Shuffle the Place cards into a Place deck. Each player takes 5.
turn order	(1) Flip over a random Place card. (i) The player who has been closest to this Place is the first Sorter. (ii) If multiple players have been, whoever was there most recently starts. (2) Play continues clockwise.
game play	(1) SCORING: (i) Each round, the Sorter reveals a Scoring card. (ii) Arrange Token stacks, based on the Scoring card and the player count. (2) CATEGORY: (i) Next, the Sorter reveals a Category card. (3) PLACES: (i) The other players each pick a Place card to add to a face-down pile. (ii) Without looking, add a random card from the Place deck to this pile. (iii) The Sorter shuffles these Places, then sorts them in ascending order. (iv) Ex: if the Category is "Size", sort the Places from smallest to largest. (4) Tokens: (i) When the Sorter is done, place the Place cards in front of the Tokens. (ii) Each player takes the Tokens behind their Place card. (iii) The Sorter takes the remaining Tokens (from the extra Place card). (iv) Discard the Scoring, Category, and Place cards. (v) Each player draws back up to 5 Place cards.
special rules	(1) The Sorter interprets the Category and Place cards however they want. (2) The players can discuss the Places, but can't reveal whose is whose. (3) If a Place has no value for the Category (ex: latitude of the Sun), use 0.
goal	(1) At the end of the 7th round, the player with the most Tokens wins. (i) If there's a tie, the tied players win.
